

# USG BORAL MINI8® MR

Moisture Resistant, Aesthetics and Lightweight Ceiling Board

# USG BORAL MINI8® MR

USG Boral Mini8® MR is specially developed for use as ceiling boards in wet environments such as bathrooms and kitchens. Made to offer superior moisture resistance, USG Boral Mini8® MR is ideal for both residential and retail market applications.

## ADVANTAGES

### Moisture Resistance

Low water absorption board, ideal for wet area ceiling application.

### Aesthetics

Smooth finish, with potential for unlimited designs and numerous finishing options to suit customer's imagination.

### Lightweight

Up to 30% lighter than alternative ceiling boards.

### Fast and Easy Installation

Easy to carry and install. Task can also be completed quickly.

### Consistent Quality

Produced in a state-of-the-art ISO9001 certified plant.

### Clean Site

Leaves minimal dusty residue. Work site remains clean and presentable.
